

PMC Hydraulics Oy (former PMC Polarteknik Oy Ab) to differentiate the pneumatic and door business into a separate company. The new company, Polarteknik Oy, will start operations on October 1, 2016.

PMC Hydraulics Oy's bank details and VAT number will remain unchanged. Pneumatics and Door Systems billing operates under the new company starting October 1, 2016. Open invoices should be handled with the information in the invoice.

Polarteknik Oy's contact information and billing addresses can be found in a separate document attached.

PMC Hydraulics - Global experts in hydraulics.

PMC Hydraulics Oy is a part of PMC Hydraulics Group AB, which combines hydraulic operations in Finland, Sweden, Denmark, Poland, India and China. The PMC Polarteknik Oy Ab's name was changed to PMC Hydraulics Oy during the summer due to a change in the company ownership.

Polarteknik Oy brings together the business operations of Europe's leading Door Systems and Pneumatics products as well as the expertise of the standard components to customized systems. Polarteknik Oy continues its activities in Huittinen, Finland.

This business transaction clarifies the company structure and streamlines the customer focus which will be reflected in better efficiency and delivery performance.
